

Publication Fee Waiver Form

Researchers are kindly requested to complete this form accurately. All information provided will be used **exclusively for publication and peer-review purposes.**

Section One: Researcher Information and Manuscript Title

1. Full Name of Corresponding Author:
2. Institutional Affiliation (University / Research Center):
3. Country:
4. Official Email Address:
5. Manuscript Title:
6. Name of Journal Submitted To:

Section Two: Latest Scientific Data Related to the Research Topic

• Recent Scientific Developments Related to the Research Topic

Please describe the latest scientific data and developments relevant to the research topic, citing **three recent published sources from the last five years.**

(The answer should not exceed 150 words)

.....

.....

.....

.....

.....

• Scientific Contribution of the Research

Please clarify the contribution of this research **within the general field of study** and **specifically regarding the research topic**, highlighting the added scientific value.

(The answer should not exceed 150 words)

.....

.....

.....

.....

.....

Conditions for Eligibility

The manuscript must be submitted via the journal's **online submission system (OJS).**

1. A **Turnitin similarity report** must be attached, with a maximum similarity of **20%.**
2. An **AI usage report certified by Turnitin** must be attached, with AI usage not exceeding **20%.**
3. The manuscript must be prepared in accordance with the **journal's approved research writing guidelines**, as published on the journal's website.

Declaration

I, the researcher/-----, on behalf of all contributing authors of this manuscript, hereby **declare and certify** that this research is original, has not been published previously, and has not been submitted to any other scientific journal. It is not under evaluation or consideration by any other academic body.

I also confirm that all stages of the research preparation and execution have been conducted in accordance with the **established ethical standards of scientific research**, as published on the journal's website.
